Dear Prof. Mihailescu,

It is my great honor to inform you that the Board of Directors of The Optical Society (OSA) elected you a Fellow of the Society during their 17 September 2018 meeting in Washington, DC, USA.

You are being recognized *"For outstanding contributions to the field of high pulsed energy laser radiation, with groundbreaking applications in nano-biomedicine, chemistry, and metallurgy"*

As an OSA Fellow, you join a distinguished group of members who have served the Society and optics and photonics community with distinction.

On behalf of the OSA Board of Directors, I congratulate you on your advancement to the class of Fellow. We look forward to your continued active participation in the field and the work of the Society.

Sincerely,

Ian Walmsley  
OSA 2018 President
